

GRACE EXPRESSION

The Melchi Zedek Compact

Jesus Christ, the King of Righteousness, is initiating in the earth His covenant of peace based on His promise alone. Our cooperation or rebellion adds nothing since His covenant is one sided and He will do it based on His sovereignty as God. Nevertheless, He invites “whosoever will” to come to the table and dine in this covenant community of truth and grace.

Therefore, since it is all Him doing it, the only way to participate is to be found “in Him.” Those who walk in the Spirit (Romans 8) are already participating, and if we falter, then there is forgiveness for all who call on the blood of Jesus Christ. So we pledge ourselves to this King of Righteousness now that His rule is established on the earth.

This compact operates outside of all governments in this world but still honors them as long as they uphold the righteousness found in the Bible. Freedom of expression is a basic human right given by God. Love for God and mankind is the central theme in this community that operates from Heaven to bring justice and mercy to all creation. The undersigned agree to these basic life principles in Christ Jesus.
